

NET ZERO INDUSTRY

Presented by Dr. Rajeshwar Singh
MLA, Sarojini Nagar, Lucknow

NET ZERO SAROJINI NAGAR MISSION

What is Net Zero Industry?

Reduce Emissions to Zero

Total GHG emissions from operations balanced by equal reductions — through efficiency, renewables & offsets.

Cut Energy, Water & Waste Losses

Optimize every input — energy, water, raw materials — to eliminate waste and lower operating costs.

Align with Global Standards

Meet EU CBAM requirements, ESG norms and India's Panchamrit 2070 commitment — future-proof your business.

WHY IT MATTERS — THE BURNING PLATFORM

GLOBAL REALITY

1.1°C

Global Temperature Rise
(IPCC)

70L

Deaths/Year from
Pollution (WHO)

1.7x

Earths consumed
per year

60Cr

Indians under
Water Stress (NITI)

DIRECT MSME IMPACT

5–6%

Working Hours Lost to Heat Stress
in India (ILO)

8–10%

Annual Productivity Loss due to
Pollution

?5–10L

Annual Loss per ?1 Crore Turnover
MSME

?100Cr+

Annual Loss — Sarojini Nagar
Cluster

EU CBAM (Jan 2026): India faces \$771M export loss | 777 tariff lines affected | High-emission firms already seeing 9% price decline in EU markets

BUSINESS BENEFITS — THE FINANCIAL CASE

Net Zero is not a cost — it is a profit strategy.

Rooftop Solar

30%

energy cost cut
Payback: 4–5 yrs
25 yrs free power
40% depreciation Yr 1

Energy Efficiency

30–50%

savings possible
LED payback: 1–3 yrs
PAT Scheme savings
26 Mt oil equivalent

Water & Waste

?5–20L

annual gain/MSME
Tanker cost cut
Waste ? revenue
Circular economy

Export Advantage

+2–3%

EU price premium
CBAM compliance
Global supply chain
Brand premium

Carbon Credits

Extra

income stream
Voluntary carbon mkt
ZED certification
CSR partnerships

Sarojini Nagar

?100Cr

annual gain potential
?5–20L per MSME
Cluster-wide uplift
Export + savings

HOW TO ACHIEVE IT — THE 4D PATHWAY

01

DETECT

Identify Losses

- Energy audit
- Water mapping
- Waste quantification
- Carbon footprint calc (Carbonil)

02

DESIGN

Choose Solutions

- Rooftop solar
- LED & efficiency
- Water recycling
- Waste-to-value systems

03

DEPLOY

Implement

- Govt schemes (ZED/GIFT)
- Green finance (SIDBI/IREDA)
- EESL pay-as-you-save
- National Green Shop

04

DELIVER

Track & Earn

- Measure savings
- Carbon credits
- ZED certification
- Export market access

Execution Path: Measure ? Prioritize ? Pilot ? Finance ? Track ? Scale

SUPPORT ECOSYSTEM — YOU ARE NOT ALONE

GOVERNMENT SCHEMES

ZED Certification	27,000+ MSMEs certified Tender preference
MSE-GIFT / RAMP	2% interest subvention 220L concessional loans
CLCSS Scheme	Technology upgradation subsidy
TEQUP Scheme	Energy-efficient machinery support
SPICE Scheme	Circular economy incentives
PM Surya Ghar	4L+ solar panels in UP 1,400 MW generated

PRIVATE ECOSYSTEM PARTNERS

Carbonil	Carbon footprint audit & ESG accounting
National Green Shop	Verified green tech — one-stop marketplace
EESL	Pay-as-you-save Zero upfront cost
ZeroCarbon	Emission reduction — technical partner
Carbon Clean	Industrial decarbonization solutions
Net Zero Helpline	IIT & IIM experts — free guidance

?? My Office is Open for You — Any question on Net Zero transition, come directly to Sarojini Nagar Vidhansabha Office

FINANCING THE TRANSITION

Paison ki kami nahi — sirf jaankari ki kami thi.

DEVELOPMENT FINANCE

SIDBI	eGPS: 750L 4E: 71.5Cr 200M GCF line
IREDA	Navaratna FY26 sanctions: 751,883 Cr
NABARD	Rural solar 250M Green Climate Fund
REC Ltd	Navratna RE long-term financing
EESL	Pay-as-you-save Zero upfront LED/Solar

COMMERCIAL BANKS

SBI	Energy Saver / Solar Loan @ ~8.5%
Bank of India	Energy Saver Program
Bank of Baroda	SIDBI empanelled — EE loans
Canara Bank	Green financing products
HDFC Bank	Green Finance products

INTERNATIONAL FINANCE

Green Climate Fund	Via SIDBI — accredited entity
World Bank	MSME green transition via NABARD
ADB	Concessional green finance — India
MSE-GIFT Scheme	2% interest subvention 220L cap
Credit Guarantee	CGTMSE coverage 710Cr 23L Cr FY25

Net Zero = Profitability + Competitiveness + Future-Proof Business | Jai Hind ????
